equality is an ideal to which we all aspire yet the more closely we examine it the more its meaning shifts how do we explain how equal treatment can in effect lead to inequality while unequal treatment might be necessary in order to achieve equality the apparent paradox can be understood if we accept that equality can be formulated in different ways depending on which underlying conception is chosen in this highly readable yet challenging book sandra fredman

examines the ways in which discrimination law addresses these questions the new edition retains the format of the highly successful first edition while incorporating the many new developments in discrimination law since 2002 including the equality act 2010 human rights law and eu law by using a thematic approach the book illuminates the major issues in discrimination law while at the same time imparting a detailed understanding of the legal provisions the comparative approach is particularly helpful by examining comparable law in the us india canada and south africa as well as the uk the book exposes common problems and canvasses differing solutions as in the previous edition the book locates discrimination in its wider social and historical context drawing on the author s wide experience of equality law in many jurisdictions she creates an analytic framework to assess the substantive law the book is a thought provoking and accessible overview of the way in which equality law has adjusted to new and increasingly complex challenges it concludes that progress has been evident but uneven those dedicated to equality still face an exacting but ultimately deeply rewarding task

want to know how capitalism works so well yet why we have unemployment where profits come from and what the fed is this is a popular book on economics and capitalism it uses only simple words and examples no charts or formulas it is pro market while also admitting problems such as with health care and poverty unlike similar books it explains economic theory explains ideologies accepts social classes sees a role for morality and sometimes uses biological ideas about human nature it prepares you to understand modern issues read further and take a course

this book provides an exploration and evaluation of discrimination law focusing primarily on discrimination in employment introducing readers to the concepts of equality and the historical origins of discrimination law the author explores the wider political social and economic contexts through which discrimination law has evolved the second edition has been thoroughly updated and includes a new chapter considering discrimination against trade unionists discrimination against non standard workers as well as the public sector equality duty the book begins with an examination of what is meant by such concepts as equality and discrimination followed by an analysis of the equality act 2010 and the impact of eu and international law all the protected characteristics contained in the equality act 2010 are critically considered age disability gender reassignment marriage and civil partnership pregnancy and maternity race religion or belief sex sexual orientation issues not covered by the legislation such as those relating to multiple discrimination and caste discrimination are also analysed important cases from the uk courts as well as international courts are considered the book also contains an appendix with the most relevant parts of the 2010 act important cases are highlighted in the text and some reflections as the basis for further discussion are included at the end of each chapter

woodrow barfield and ugo pagallo present a succinct introduction to the legal issues related to the design and use of artificial intelligence ai exploring human rights constitutional law data protection criminal law tort law and intellectual property law they consider the laws of a number of jurisdictions including the us the european union japan and china making reference to case law and statutes

contemporary society is characterised by its ever increasing diversity having sold over 70 000 copies across its four editions neil thompson s classic text remains a trusted introduction to the challenges of promoting social justice and equality addressing the ways in which social workers can effectively challenge inequality within society the book explores the many forms of discrimination that can lead to disadvantage disempowerment and oppression written with thompson s inimitable clarity this edition features three all new chapters including a contextual introduction and chapters on sexuality and religious discrimination an explicit theory base through extended discussion of the widely used pcs model a range of questions for reflection and comprehensive guidance on further reading incorporating books articles and websites today good social work practice must be anti discriminatory this fully updated edition is therefore an essential read for the next generation of social work students practitioners managers and educators

includes no 53a british wartime books for young people
